

WESTFIELD PUBLIC WORKS

Directions for Using Grid Links for Pictometry Images on the Server

Written by: Leane Welsh
Date: May 13, 2008

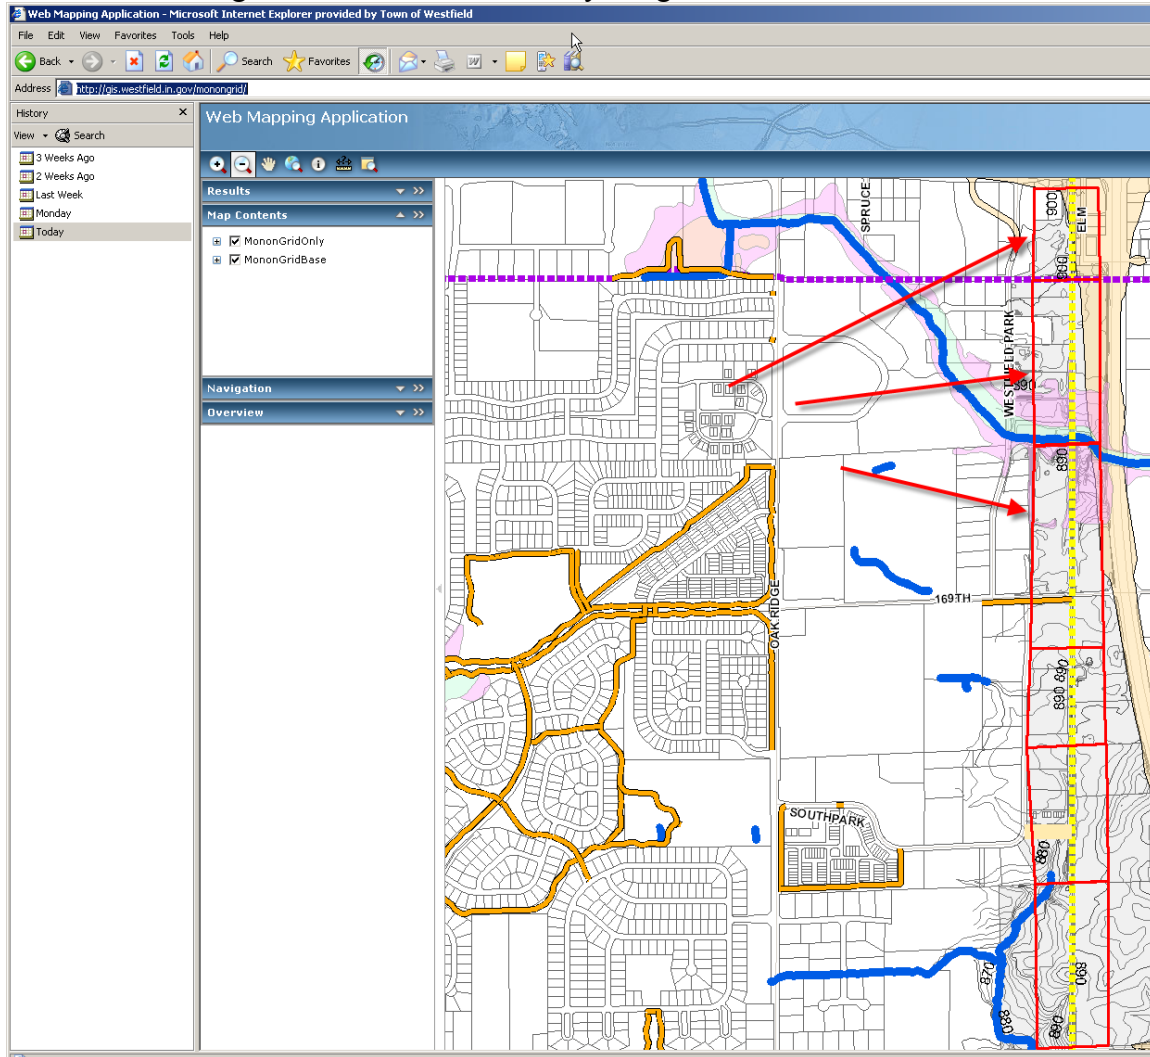

1. Open the server web map:
 - a. <http://gis.westfield.in.gov/monongrid/>
2. If your map opens and is zoomed into far...just use the world view to see the extent of the map (in order to view the Pictometry grid correctly):

WESTFIELD PUBLIC WORKS

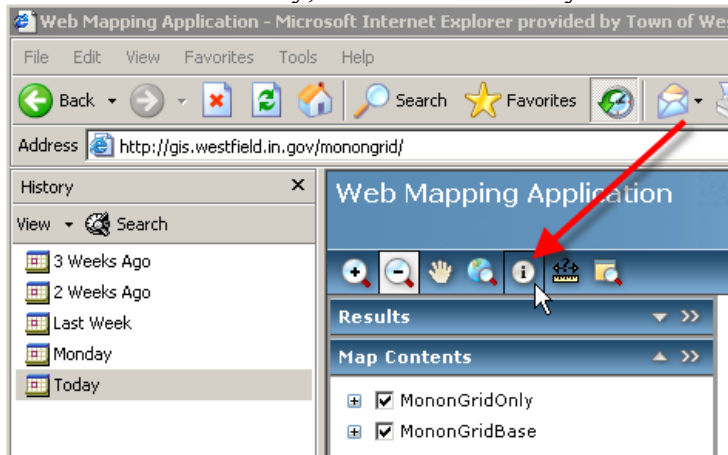

3. The different red grids indicate the Pictometry images available for view:

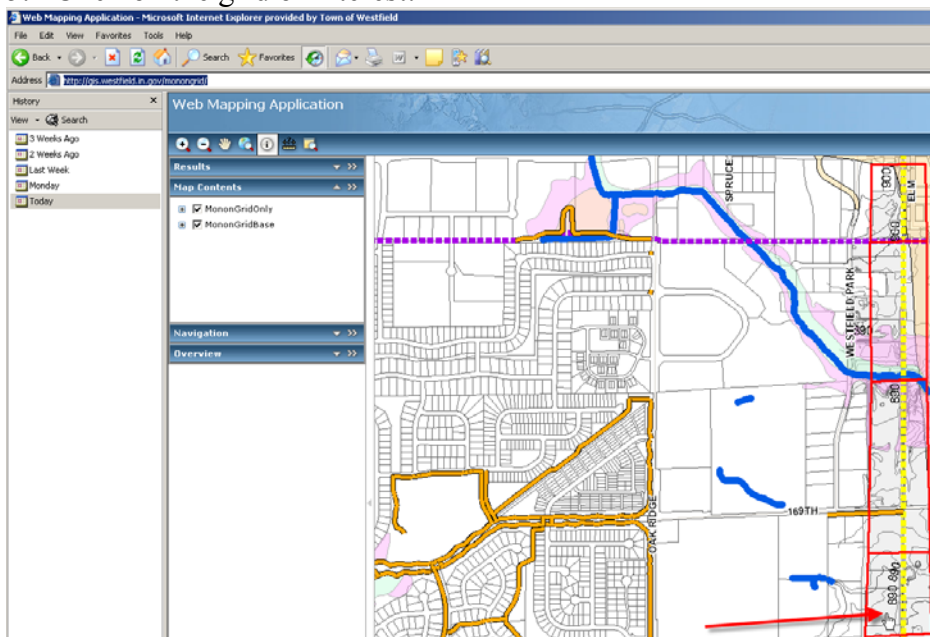

WESTFIELD PUBLIC WORKS

4. To view the Pictometry, click on the identify button:

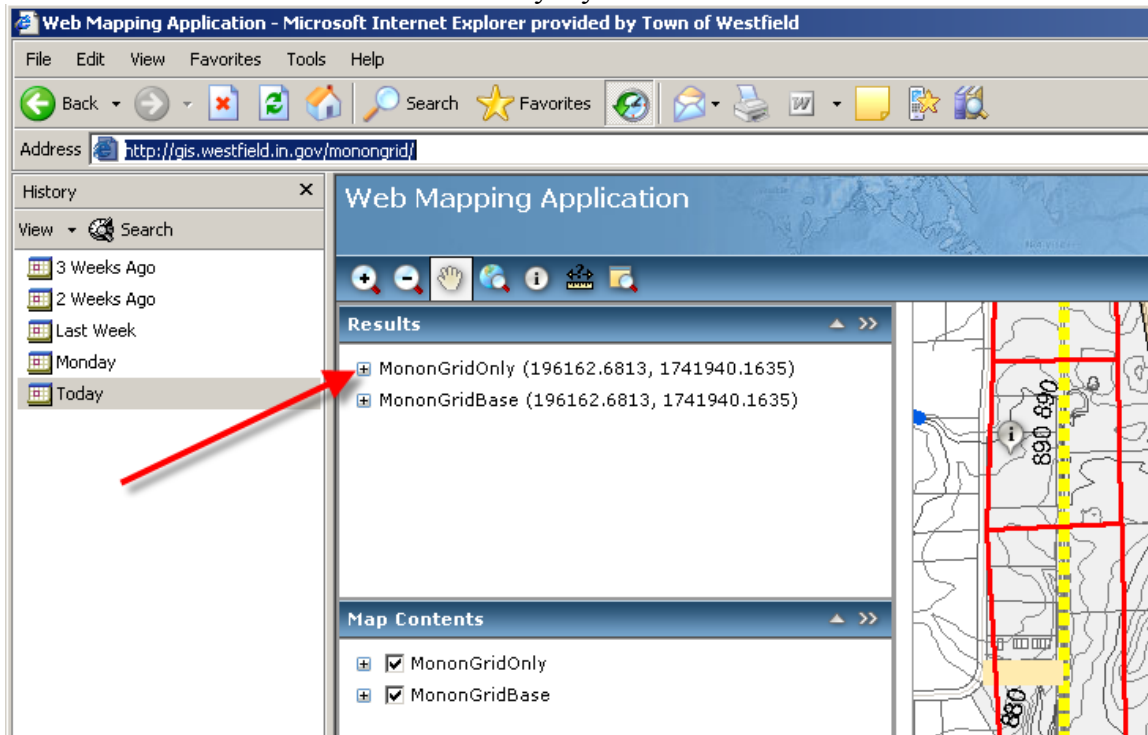

5. Click on the grid of interest:

WESTFIELD PUBLIC WORKS

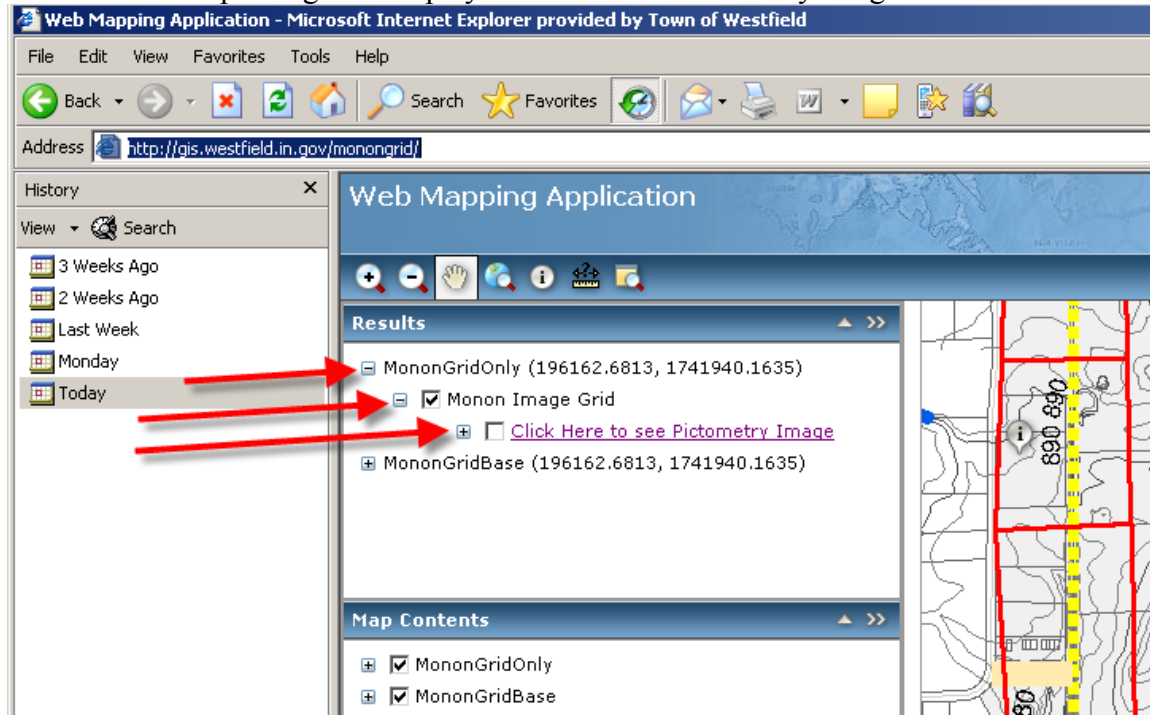

6. The results menu will display the layers available with information. In this case, the Pictometry imagery is available under the MononGridOnly layer.

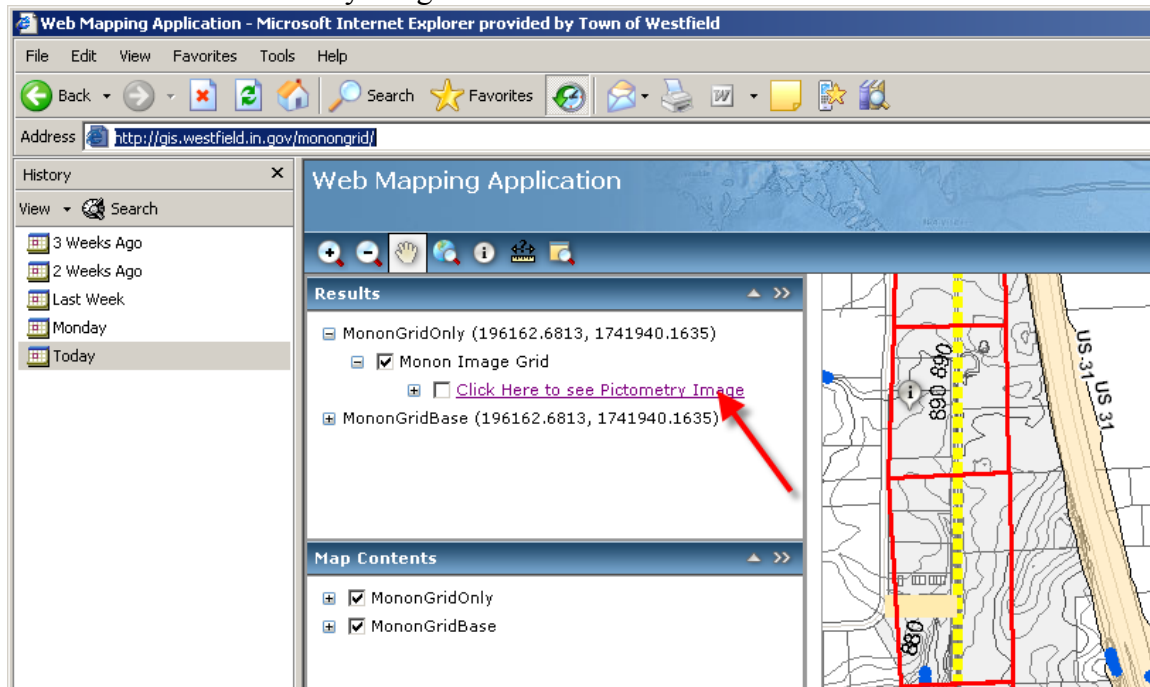

WESTFIELD PUBLIC WORKS

7. Click on the plus signs to display the link to the Pictometry image:

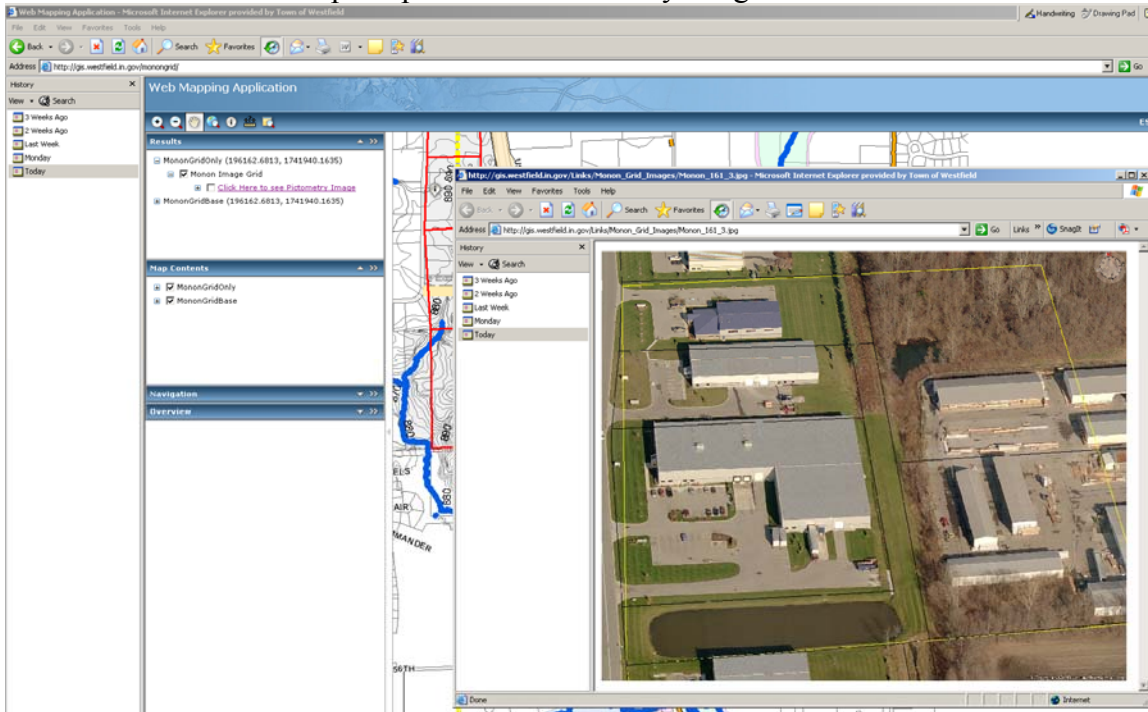

8. Click on the Pictometry image link:

WESTFIELD PUBLIC WORKS

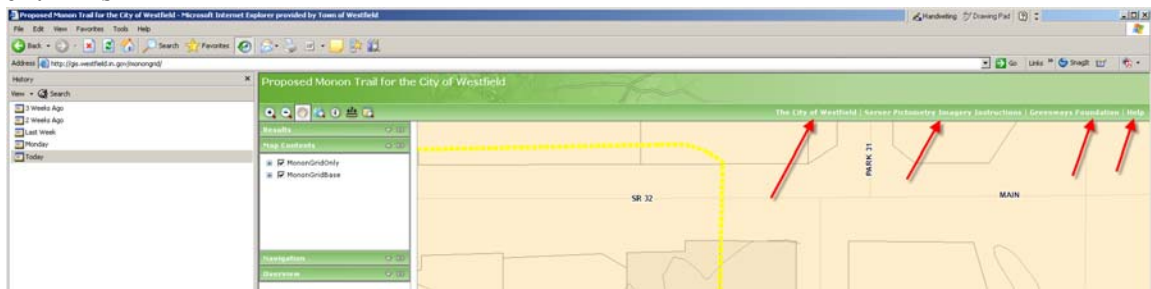

9. A new window will open up with the Pictometry image available:

WESTFIELD PUBLIC WORKS

10. Look in the upper right-hand corner to see if there are additional links. This server map has four different links -

The City of Westfield | Server Pictometry Imagery Instructions | Greenways Foundation | Help

- The City of Westfield – Links to the website for The City of Westfield www.westfield.in.gov
- Server Pictometry Imagery Instructions – Links to the .pdf of these instructions.
- Greenways Foundation – Links to the website for the Greenways Foundation.
- Help – Links to additional GIS help via. ESRI (maker of the GIS software).
